In light of budget cuts, meaning that our patients are no longer eligible for dental treatment under PRSI or GMS, we have designed a dental plan that we believe should make it easier for patients to maintain good oral health. Research has shown that members of the population who attend the dentist regularly, attend their hygienist regularly and avail of preventative measures such as:

- good diet
- good brushing and flossing techniques
- fissure sealants on children's teeth to protect the biting surface of their adult teeth
- gum shields custom designed to protect teeth from trauma as result of sport

have healthier teeth and gums and require less dental treatment than those who do not attend regularly.

With that in mind we have designed two plans:

- Corabbey Dental Plan (CDP) – Adults
- Corabbey Dental Plan (CDP) – Children

### Corabbey Dental Plan – Adults

This plan entitles you to the following:

- two dental check-ups per year, including oral cancer and full soft tissue screening
- two scale and polishes per year with our hygienist. Poor oral hygiene has now been linked to heart disease, diabetes and preterm or underweight babies
- all in practice X-rays required to diagnose dental problems
- one extra free consultation per year including X-rays if presenting in pain
- sports gum shields €45 (normally €95)
- guaranteed same day emergency appointment provided we are notified prior to 1pm
- dental accident insurance cover up to €11,200 per incident
- all members of Corabbey Dental Plan will receive 20% discount off our standard fee scale

### Corabbey Dental Plan – Children

In order for your children to join the plan at least one parent / guardian must be a member of CDP. The children's plan entitles your children to the following:

- one check-up per year
- one visit with our dental hygienist per year to demonstrate good brushing techniques etc
- fissure sealants €10 per fissure seal (normally €35)
- sports gum shields €45 (normally €95) available in any colour. We will assess the gum shield at each check-up to ensure it is fitting well and offering maximum protection
- guaranteed same day emergency appointment provided we are notified prior to 1pm
- dental accident insurance cover up to €11,200 per incident
- all members of Corabbey Dental Plan will receive 20% discount off our standard fee scale

### Membership fees

One-off set up fee	€10.00
Monthly payment:	
Adults	€19.00
Children (0–4)	FREE
Children (5–12)	€5.00 per child
Children (13–17)	€7.00 per child
Students (18–24 with valid ID)	€15.00

Patients who qualify for Dental Benefit (PRSI/GMS) are allowed a €3.00 per month deduction off their monthly payment (their full government entitlement). In order to get this deduction patients must contact the clinic every 3 months to have their PRSI/GMS entitlement checked. There is a lead period of 3 months before benefits apply with the exception of discounted emergency treatment.

### How can I join?

Take just a few moments with any of our team to complete the simple form and we will take care of the rest.
